Vellore Institute of Technology,Bhopal

EXPERIENCE

AI Development-Project Exhibition
FEB-MAY 2024

- Analyzed large datasets to identify customer behavior trends
- Skilled in designing efficient chatbot interactions using blueprinting techniques
- Compiled, cleaned, and manipulated data
- Developed facial emotion recognition software with OpenCV for real-time feedback

Game Development-Project Exhibition
2019-2020

- Resourced and revamped 3D models, textures, animations, and other assets, optimizing game performance and loading times for PC using Unreal Engine.
- Utilized Blueprinting, rules, and AI to enhance game functionality and user experience.
